REMARKS.

On Petition of W. L. Rude, I commenced survey in Town of Point
 Green County State of Oregon.
 Commenced to establish line between Lots 30 and 31 of the
 original Town of Point Commence as filed in Recorder's
 Office in said County in deed Record E Page 282 all 4
 (being to date in the day to complete work I adjourn till next day & complete said survey)
 deed Record D Page 574. The South East Corner of Lot No 1
 had lost its identity. There being no initial point to begin
 I had to take evidence of old settlers, and foundations of old buildings
 that had been regarded as marking the lines of the several streets
 I commenced at a stone wall that was regarded by James H. H.
 Allison; who stated said Town and occupied property
 abutting said wall, as the South East Corner of the intersection
 of Main & Market Street, which was ^{constructed} ~~marked~~ by George Allison
 his son, who assisted me in making survey, and measured
 west, 390 feet, and placed point. Then projected a line N 12° W
 as a base line, marking points at intersection of streets and
 alleys. I then projected chain lines, east & west from base
 line, and found my line projected as a base or center line
 for main cross street to be parallel with street, alley and
 lot, as now occupied, also compared said line with
 the foundation wall of a building that was said to
 be on the west line of Lot Number 26 in said

Corners Established.

plat, which ^{corroborates} ~~corroborates~~ my work. The evidence of point
 of beginning is very vague. The above being all there
 was to go by, I measured East from Base line 130 feet
 for line, between Lots 30 & 31, projected line South
 parallel, with my base line, and place stone
 at corners of Lot No 30 and SW. Corner No 30, of said
 plat, also stone for center of Market Street. Also
 place stone on line dividing Lots 30 & 31, 60 feet
 North of the center of the L. V. L. Railway as a point
 on line dividing tracts of W. L. Rude & Hiram Jean, ^{and others}
